FIRST IN SERVICE TO READERS

ANTIOCH, ILLINOIS, THURSDAY, MARCH 14, 1946

FIRST IN RESULTS TO ADVERTISERS

NUMBER 32

To Vote on Grade School Improvement Tuesday, Mar. 26

\$150,000 Proposition To Be Put To Voters of School Dist.

A formal resolution calling for a special election on March 26 was passed by the Antioch Grade school board at an adjourned meeting of the board last night. The meeting had been adjourned from last Thursday evening in order to prepare the necessary legal papers. The proposition upon which electors will vote on March 26 calls for the issuance of \$150,000 worth of bonds.

The ballot will carry the following propositions:

"1. Shall the Board of Education of Antioch Community Consolidated School District Number 34, Lake County, Illinois, be authorized to construct an addition to the present school building now owned and used by the District for school purposes, commonly known as the Antioch Grade School?"

"2. Shall the Board of Education of Antioch Community Consolidated School District Number 34, Lake County, Illinois, be authorized to issue School Building Bonds of said Antioch Community Consolidated School District Number 34 in the amount of One Hundred Fifty Thousand Dollars (\$150,000) for the purpose of defraying the cost of constructing an addition to the present school building now owned and used by the District for school purposes, commonly known as the Antioch Grade School, said bonds to bear interest not to exceed the rate of two and one-half per cent (2½%) per annum, payable semi-annually on the first days of January and July of each year, and shall mature \$4,000 on January 1 of each of the years 1949 to 1954, inclusive; \$8,000 on January of each of the years 1955 to 1960, inclusive; \$9,000 on January 1 of each of the years 1961 to 1964, inclusive; and \$10,000 on January 1 of each of the years 1965 to 1966?"

The money will be used to build an addition to the present building and to re-equip the present facilities. Present plans for the addition call for the erection of four new classrooms, a cafeteria and kitchen, and an auditorium. Increase in enrollment at the school during the past few years makes the improvement necessary, according to members of the board.

While it is uncertain whether or not the building can be put up during 1946, persons interested point out that this is the proper time to make the move for several reasons, among them being the fact that interest rates which may be obtained now are at a very low point. The rate on the proposed bond issue will be only 1½%. State aid, from post-war planning funds have been obtained to pay for the engineering and architectural work, thus relieving the taxpayers of the district of several thousands of dollars which will be spent in this connection.

It is believed that the proposition will carry by a large majority as no opposition to the move has been encountered as yet. Richard Whitacre, principal of the school, cited Warren and Grayslake as examples and said the similar measures had carried by large majorities in both communities.

Mrs. Vee Powell, Nationally known hat designer, will give a demonstration on hat making at the Annual meeting of the Lake County Home Bureau to be held March 15, 10 a. m. to 3.30 p. m. at the First Methodist church, Utica and Clayton streets in Waukegan. Mrs. W. M. Kimmelschue, N. E. director, will give a talk on the Illinois Home Bureau Federation at the morning session. She will also install the new County Executive Board members. Successful projects of the past year will be reviewed. Other entertainment will be humorous readings, organ music, and community singing.

Wadsworth, the hostess Unit, will have charge of the luncheon.

The next regular meeting of the Antioch Unit will be held at the home of Mrs. James Van Cura, Rte. 173, March 27. There will be an oven and broiler demonstration.

Sgt. Richard Prince received his discharge Feb. 26, after serving thirty-one months with the armed forces. Sgt. Prince served six months overseas, serving with the 13th Air Force in the Pacific. He was awarded the Asiatic Pacific Ribbon, Good Conduct Ribbon, and the Victory Ribbon. He is a graduate of Antioch Township High school and is the son of Mrs. M. M. Dietmeyer, of Waukegan.

Everett Oftedahl, GM 3/c, came to Antioch for the first time this week after 9 months in the Marshall Islands. Everett is the son of Mr. and Mrs. John Oftedahl, proprietors of the Frostee Sno Company. He had been associated with his father in the business prior to his entry into the service, and had not seen the Antioch plant until his visit here. He has served as a gunner on a PBM Mariner and wears the Aircrewman's wings with three stars, indicating three engagements with the enemy. Besides the three brushes with aircraft, Everett was present and took part in two major engagements on the islands. Gunner Oftedahl expects to be discharged sometime in June. After his current 30 day furlough he will report to an east-coast Naval Air base.

Capt. Robert Hughes received his discharge from the U. S. Army, Feb. 21, after serving for the past 56 months. Bob was with the Armored Force and has been doing instructional work in the U. S. He is the son of Mr. and Mrs. Carl D. Hughes, of Lake Villa.

Cpl. Harvey G. Miller, son of George Miller of Antioch, was discharged from the U. S. Army on Feb. 20 and is in Antioch. Harvey was in the army for more than 43 months and plans to attend college under the G. I. Bill of Rights.

Grade School PTA To Sponsor Schick Tests

Letters to parents of Grade school children are being sent out this week in an effort to avert spreading of the diphtheria epidemic which is currently raging in Waukegan. About 18 cases of the disease have been reported in Waukegan schools, and although no cases have been reported in Antioch, school authorities are taking this method of making sure that the disease does not become prevalent here.

The tests, which are rather simple, will determine whether or not the individual children are immune to the disease. A regular program of inoculation against the most common diseases of children has been carried out by the Grade school PTA for a number of years and inoculation for diphtheria has been a part of the program. The tests will determine which children should be re-inoculated.

Tests and inoculation will be carried out at no cost to the parents of children treated as the PTA has made arrangement, as in the past, to pay all expense in connection with the program.

Richard Whitacre, principal of the school, expressed the hope that most parents of children who receive the letter will return it to the school, giving permission to conduct the test upon their children, and he added that parents of kindergarten and preschool age children would be allowed to bring them to the school at 1 p. m. on Friday, March 15 when the tests will be made.

Anton Novak, of Riverside, Illinois, will lecture and show movies on "Soil and Wildlife Conservation" at a meeting of the Antioch Township High school Parent Teachers Association to be held Monday, March 18, in the school cafeteria at 8 o'clock. Plans for the formation of a new organization to replace the high school P. T. A. will be discussed at this meeting.

Contract Signed For Village Purchase Of Lake Street Property

That the purchase of the Lux property on Lake street by the village for the purpose of extending Victoria street to Orchard street is now a certainty was revealed this week by Geo. B. Bartlett, village president, who said that earnest money had been paid and a contract for the purchase had been signed by owners of the property.

Since "hitches" often develop in transfers of real property, interested persons breathed a sigh of relief when the deal was made a certainty. Bartlett said that work in preparing the new street for traffic would be started as soon as the house on the property could be moved and that he hoped that the street could be opened for traffic sometime during the summer.

The new street will connect two "through" streets, Lake and Orchard, and it is believed that application made by the village to certify the new street for eligibility as to the use of gas tax refund money will be granted by the state highway department. In case the application is granted, it is possible that the street can be black topped or paved in some manner during the coming summer.

Future Farmers to Hold Annual Banquet

Ralph McKenzie of Elgin To Be Principal Speaker

The 20th Annual Agricultural Banquet sponsored by the The Antioch Chapter of The Future Farmers of America will be held next week, Thursday evening, March 21st, at 7.30 at the Antioch Township High School.

Members of the organization and alumni of the agricultural department and their dads are being invited to attend.

Mr. Ralph McKenzie, himself a former member of the organization, and now a young farmer near Elgin, Illinois will be the principal speaker of the evening.

There will be other speakers, music and a movie on the Alaskan Highway.

Mr. C. L. Kutil, Advisor of the Chapter will present awards and certificates to members who have completed satisfactory production projects in agriculture.

Any alumni of the department who might have been overlooked in the sending of invitations is asked to get in touch with Mr. Kutil for reservations before the banquet.

Miss Dorothy Nedball, who has been in nurses training at St. Therese hospital, Waukegan, for the past several months, was calling on friends in Antioch, Tuesday. Miss Nedball plans on leaving soon for Topeka, Kansas where she will have six months psychiatric training at the Winter General hospital there.

Mr. and Mrs. A. B. Lawton, 367 Harden Street, recently returned from a three months vacation with their son, A. G. Lawton and family and their daughter, Mrs. T. W. Davis and family at Brunswick, Georgia.

Dr. Berke Resumes Medical Practice

Announcement of the opening of offices by A. N. Berke was made this week. Dr. Berke's discharge from the U. S. Army medical corps was issued on March 11. He will occupy the offices in the King building which he used before his enlistment in the medical corps 3½ years ago. Office hours will be from 1 to 4 p. m. and 7 to 9 p. m. daily except Wednesday and Sunday.

Men of St. Peter's Plan St. Patrick's Dance Sunday Night

Party Will Feature Cards; Music By Bessie Barnes

"You come and we'll entertain you," say the men of St. Peter's Holy Name Society in announcements of their St. Patrick's Day card party and dance to be held at the church on Sunday evening, March 17.

According to the advertisements displayed this week the party will feature card playing from 8 to 10 p. m., with prizes for each table and will include different games. At 10 p. m. Bessie Barnes will strike up the band and dancing will begin, to last until 12 p. m.

Other entertainment has been arranged for and refreshments will be available.

Members of the general committee for the dance and party include Chas. Cernak, Jr., Rudy Eckert, Robert Webb, Walter Forbrich, and John L. Horan. Members of sub-committees include Dudley Kennedy, Conrad Walters, August Techert, Eugene Sheehan, William Hynek, Carl Pachay, Roman Vos, Edmund Vos, Cletus Vos, Robert Griffin.

Advance sale of tickets for the party indicate that it will be well attended. Since this is the first event of its kind to be promoted by the men of the organization, every effort is being made by members of the various committees to insure its success.

Kathleen Fields Awarded Scholarship At Normal U.

Kathleen Fields, daughter of Mrs. Antoinette Fields, of Antioch, was among three Lake county high school graduates to receive scholarships at Illinois State Normal University at Normal, Illinois.

Other county High school graduates who had high scholastic standings and have also been awarded scholarships are June Dalziel, daughter of Mr. and Mrs. Guy Dalziel of Ingleside and Mrs. Leija McReynolds, daughter of Mr. and Mrs. Eina Viitanen of Waukegan.

The scholarships, which mean a saving of more than \$300 in fees at the school are awarded each year to high school students whose scholastic standings are high.

Miss Valerie Gresens, daughter of Mr. and Mrs. Ed Gresens of Lake Catherine, celebrated her 5th birthday with a party at the Grade school Friday. Ice cream and fancy decorated cup cakes was served to all her class mates. She received many cards and gifts.

Dr. Frank Keefe to Discuss Psychology Before Woman's Club

Program March 18 To Feature Clarence Olson, Vocalist

"Psychology For You and Me," will be the subject of a talk to be presented before the Antioch Woman's club on Monday, March 18. Dr. Keefe, said to be well-schooled in practical psychology, is a very interesting talker, and a record attendance is expected at the meeting, which will be held in the home of Mrs. C. E. Hennings, Hillside Avenue.

In addition to the address by Dr. Keefe, other entertainment will be supplied by Clarence Olson, Basso.

A business session will be a part of the meeting.

Assisting Mrs. Hennings on the committee will be Mrs. Edward W. Jacobs, Mrs. Clarence Olson and Mrs. Einar Petersen.

New Public Service Rates Now in Effect

Beginning March 1 new lower rates for residential and industrial users of electricity went into effect. Customers in this area will benefit by an overall reduction of the rates of about 8.7%. The average saving per account will be about \$4.32 per year.

The new low rates will mean that customers in this area will save annually about \$1,838,000 on their electric bills.

Based on 1945 use, the utility's 325,000 home and farm users will save an estimated \$1,404,000 a year, while 32,000 commercial establishments will receive an annual windfall of \$434,000.

The new rates become effective with meter readings beginning March 1, Britton I. Budd, president of the company, has announced.

The farm and home rates will be simplified with the elimination of the old system of computing charges on the basis of the number of rooms in a dwelling.

The new rates will be 5½ cents per k. w. h. for the first 40 used each month, 3 cents for the next 60, and 2 cents for all over 100 for all residences served by the company.

Jobless Payments To Vets Reach New Weekly High

During the week ended March 2, approximately 76,000 unemployed veterans in Illinois qualified for readjustment allowance under the GI Bill, State Director of Labor Robert L. Gordon reported today. Benefits paid in the same week totaled \$1,432,697. Compared with the \$1,116,161 paid in the preceding week this figure marks an increase of 23.4 per cent and sets a new weekly high in GI benefit payments.

"Payments in Chicago show a slight decrease in the week ended March 2," Director Gordon pointed out, "being \$516,811 compared with \$518,604. Eligible veterans in the metropolitan area numbered 33,300."

134 Attend Lions Athletic Banquet

George Wilson, Chicago Bears Captain Makes Interesting Talk

Seventy-four letter awards were presented to high school athletes at the Antioch Lions club annual athletic banquet held Monday evening in the high school auditorium. One hundred thirty-four Lions members, guests and members of the high school athletic teams were present for the banquet and program which followed.

Highlights of the evening was a talk by George Wilson, captain of the Chicago Bears professional football team who told of amusing incidents during his career as a professional football player and gave much valuable information to the local players concerning fine points of the game. He also answered questions concerning the Bear team and other questions concerning football after the talk.

Dan S. Boyer acted as toastmaster for the program and introduced Walter K. Hills, president of the High school board, who made a short talk. Ralph Trieger made the response to Lion President Harry J. Krueger's welcome to the guests.

M. R. Kruzan, athletic director at Antioch Township high school, presented the awards to the various athletes and made remarks concerning each. The members of the "A" club joined together to present a jacket to their coach in appreciation for the fine work he has performed with the various athletic teams during the year.

Joseph Sterbenz was the recipient of the special sportsmanship trophy, which is awarded each year to the boy who displays the best sportsmanship during the year.

Legion Team Splits Twin Bill Wednesday

The local Legion basketball team broke even in a double header with two teams from Lake Geneva Wednesday night. The first game resulted in a loss for the Antioch boys, but Coach Kruzan brought up the heavy artillery in the nightcap to nose out the Lake Geneva team 41 to 32.

The second game featured Bill Thompson of Allendale, lately returned from service. Bill turned in a remarkably good performance, according to persons who saw the game.

Next week's games will be played Wednesday evening at the local gym and will see a Grayslake team and one from Waukegan tangle with the locals.

To Start Baseball Practice

All ball players, whether or not they are Legionnaires or returned servicemen, are asked to attend the next meeting of the Antioch Legion post. The meeting will be held at the Legion home on March 21.

Ed Frazier, athletic director of the post, urges that all young men of the community who wish to take part in the various activities to be promoted in the future, come to the meeting March 21. He said that the program is a service feature of the Legion's work with the young men of the community and that all are invited to participate.

Frazier said that baseball practice would start as soon as the weather permits and that a good schedule of games would be arranged for. He said that entry into one of the softball leagues might be sought.

Swayer Re-elected President of PMA

The board of directors of Pure Milk Association, marketing co-operative for dairy farmers in the Chicago milk shed, met today, following the organization's 21st annual meeting on March 12, and re-elected all officers of the Association for another year.

President, Wilbur J. Swayer of Gurnee, Illinois; first vice president, Charles W. Schmaling of Delavan, Wisconsin; second vice president, Harry H. Meyer of Crown Point, Indiana; treasurer, Walter E. Winn of Richmond, Illinois; secretary, Charles M. Cosgrove of Elgin, Illinois. All except Cosgrove operate dairy farms.

Members of the Association last year produced over one and a half billion pounds of milk—5.13% more than in 1944, and 41% more than in 1939.

Lateer To Be At Production Credit Office March 22

Mr. N. V. Lateer, Field Supervisor of the Emergency Crop and Feed Loan office, will be at the Production Credit office in Grayslake, Illinois from 2 p. m. to 4 p. m. on March 22, 1946, to accept applications from farmers for loans to produce crops or to purchase feed for livestock. Farmers needing financing for crop production or feed should arrange to meet Mr. Lateer, at this time.

LIONS GREET CHICAGO BEARS CAPTAIN

(Photo Courtesy of Waukegan News Sun)

Jim McMillen, vice president of the Chicago Bears football team and Antioch Lions Club members are shown welcoming George Wilson, Captain of the Bears, at the Lions Club annual athletic banquet given in honor of the athletic

teams at Antioch Township high school Monday night. Left to Right are: Dan S. Boyer, Lake Villa, Toastmaster; Lion Jim McMillen; Lion President, Harry J. Krueger; and Wilson.

A Problem in Equality

Representative Oren Harris, of Arkansas, recently presented a thoughtful summary of the transportation situation in the United States, before a group of New York shippers. He brought out the staggering size of the overall transportation industry. For example, this country has 30,500 miles of navigable inland waterways served in peacetime by more than 11,000 vessels. There are more than 8,000 miles of coastal and intercoastal water routes competing with rail and highway users.

There are 1,302 railroad companies, of which 136 are Class 1 roads operating 230,000 miles of privately owned tracks and thousands of terminals, freight depots, repair shops, and maintenance facilities.

There are 1,500,000 miles of hard surface highways. Before the war, there were 26,200 trucking companies and 1,500 motor bus companies operating 5,000,000 vehicles.

There are 3,000 airports in the United States and the Civil Aeronautics Authority has plans for 3,000 more. There are nearly 35,000 miles of lighted airways.

Such a multiple, gigantic transportation picture has its problems. Representative Harris considers the most critical the equalizing of competition. He says: "The overall cost of our highway system has never been ascertained, but the figure is very large. Add to the three and three-quarter billions authorized for Federal aid, the state, county, and city funds that have been expended on streets and highways, and the figure will run up into almost astronomical proportions. . . . Think of the millions that have been spent by Federal and local governments for air line development and the billions of expenditures that are in immediate prospect."

"You will see, if you think clearly through these staggering figures, what our greatest problem is. We must make the services provided by private capital continue to be available to the users of transportation when they must compete with the billions of tax-free, interest-free, government capital in other facilities."

Riding for a Fall

Commenting on the strike situation, George W. Hopkins, editor and publisher of "The Lake Region," Eustis, Florida, says in part: "Organized labor has the tolerance such conditions at home?"

full protection of the United States government today in the wholesale strikes it has instituted. Whether detrimental or not to our economic well-being, the Congress has put its seal of approval upon them, and the people must abide by the consequences.

"A monopoly in restraint of trade is no more damaging to the economy of the nation than a monopoly in restraint of labor. Both should be outlawed in a free democracy."

The right to work and earn a living, whether one joins or does not join some specified organization, has been destroyed in the United States.

Why do we talk about "world freedom" when we

Oppression Raises Its Head

It has remained for United States District Judge Claude McCollough, of Oregon, to call attention to the danger inherent in government by directives rather than by law and courts. His opinion was contained in a written decision issuing injunctions in five legal cases against meat markets and packing canners to carry out the orders issued by the OPA.

Judge McCollough pointed out that "the equities should be open to inquiry in every case," but "the regulation itself cannot be assailed in this proceeding. Section 204 (d) of the price control act prohibits that. It compels the courts to treat a regulation as valid, even though they know it to be invalid."

"Assuming, therefore, as Congress has commanded, that the regulation is valid, must an equity court issue an injunction, even though it is clear that future violations are bound to occur, regardless of the good faith and earnest efforts of the defendants to avoid violations? In other times, I would have thought there could be but one answer to this question, but the decisions in this circuit have so completely shorn the district judges of discretion in OPA cases . . . that an injunction must issue, even though it is known at the time of issuance that non-willful violations are bound to occur."

"This is a strange situation, previously unknown to our law, and it could not arise except for the wise that Section 204 (d) puts on the courts, coupled with the appellate decisions . . . which take away the discretionary powers normally allowable to trial courts."

"Because I have no choice, I will therefore issue the requested injunctions, expressly reserving, however, the question of their enforceability, for I am yet to be persuaded that an equity court can punish conduct that contains no ingredient of evil."

Among other things, Judge McCollough expressed the opinion that this would be an excellent case "to take to the United States Supreme Court to find out whether the courts have become mere rubber stamps for executive action . . . It should be plain that the result of this pincer is to destroy the judicial character of the courts; it makes them mere vassals."

tary funeral with the Legion Post from Genoa City in charge. Burial in the Holy Name cemetery.

COUNTY JUDGE

PRIMARY APRIL 9, 1946

Twenty-five Years of Legal Experience
in County, State and Federal Courts

THE OLD JUDGE SAYS . . .

TED: "Clem and I were wonderin' what you thought of that new movie about the chronic alcoholic, Judge. Understand you saw it before we did."

OLD JUDGE: "Well . . . it's true most of us never see a case as extreme as that in real life because they are so few and far between. But it does point out one thing . . . chronic alcoholics are abnormal people and we've got to change our ideas about how to help them."

CLEM: "In what way, Judge?"

OLD JUDGE: "We've got to realize that excessive drinkers are suffering from more than a craving for alcohol. According to

psychiatrists and medical men at one of our great universities, the alcoholic is a sick person. The study of hundreds of cases shows he is suffering from some physical, social or emotional condition . . . just as in the case of that poor chap in the picture. Fortunately, they represent only a very small percentage of those who drink."

TED: "Is anything being done to really help these folks, Judge?"

OLD JUDGE: "Yes . . . a great deal in clinics throughout the country. And with the cooperation of the beverage distillers who sincerely want their product used only in moderation."

It's Your Business

You still can't get that new refrigerator, washing machine, radio, sweeper, plow, tractor, etc., etc., so long after the war?

Well, a survey shows that OPA price fixing is making companies hesitate to expand production for waiting markets and causing refusals to accept orders for goods which other companies need in their own production programs.

That's the way it is: OPA delays in making price decisions, and small businesses are unable to bear up under losses or under break-even operations as dictated by OPA rulings.

You'll be wanting a new lawn-mower pretty soon—(maybe you won't if you have to shove it around yourself, but your lawn will want it!) So, why are chances 100 to 1 that you won't be able to go to your favorite hardware store and buy a new one?

Here's just one example the survey turned up, among many:

A manufacturer of lawn-mowers in Richmond, Ind., saw an outlet ahead for full-scale production. OPA pricing orders limited his factory to a 17-per cent increase over October, 1941, prices—with the stipulation that a complete assortment of mowers be made, in similar proportion to those made pre-war, including medium priced grades sold at that time practically at cost to promote higher grade goods.

As if that weren't enough. But gray iron, under OPA authorization, cost the company 35 per cent more than in 1941. Malleable iron castings cost the company 45 to 50 per cent more. Labor cost the company 50 per cent more.

See if you can figure out how to make the thousands and thousands of needed lawn-mowers under those conditions! The manufacturer hasn't been able to do so—and hence he cannot get into full production.

OPA Gives Tips On Production Of New Household Equipment

Everybody is interested in knowing when they can buy merchandise they want most, so OPA makes the following report on production of consumer durable items.

The Office of Price Administration reports on production of consumer durable items as follows:

Vacuum cleaners: Vacuum cleaner manufacturers have reported trouble getting bag cloth, switches, electric sheet steel used for laminations in motors, and rubber parts including belts, gaskets and cord. Nevertheless, pre-war levels of production are expected to be attained by May.

Electric iron: Although this industry is having labor difficulties, it is

expected that the prewar monthly production rate will be reached shortly after the settlement of the labor-management problem in the electrical industry.

Refrigeration: Production has been held back by the failure to receive sufficient material and components, such as steel, motors and compressor units, as well as by work stoppages. If the present rate of increase can be maintained, prewar levels of production should be reached by June.

Electric ranges: The industry reports that given industrial peace and sufficient materials and components, prewar production should be reached by April. At the present time, considerable difficulty is being encountered because of lack of steel and components, in addition to labor trouble.

Clocks, watches: The majority of American clock and watch makers were completely converted to war work for 3½ years. Consequently there has been a problem of reconverting to peacetime production. At the present time, there is a shortage of skilled and semi-skilled labor in the clock and watch industry, and it is not expected that the prewar rate will be reached before September.

Radio: Reports indicate that military radio and radar orders still account for the major portion of shipments in the industry, even though total military shipments are very small. The radio manufacturers are having trouble getting cabinets because they have to compete with the furniture makers.

New Pasteurization
Milk companies have found that they can pasteurize milk in a few seconds by passing supersonic vibrations through it. The bacteria are slain (beaten to death by vibration) in a few seconds as effectively as they are slain in the conventional method of heat pasteurization, which takes 30 to 40 minutes. Milk can also be homogenized by supersonic vibration, the fat globules are broken up and the resultant fluid is of a single, uniform consistency.

Symbolic Stone
The Chinese believe jade to be a combination of the five cardinal virtues—charity, modesty, courage, justice, wisdom. As Confucious explained, "In the eyes of wise men, its polish and brilliancy represent virtue and humanity; the angles of jade, which seeming sharp, yet do not cut, represent justice; the defects under the surface, yet apparent, represent sincerity; the impossibility for the bad shades to hide the beautiful, or the beautiful the bad, represents loyalty."

Teeth Like Bones
Teeth are like bones in that they have several mineral elements, notably lime, in their make-up; they are supplied with blood vessels to carry food to the various parts of the tooth structure; and they are well supplied with nerves, as many of us learn from experience.

Stupid Animal
The porcupine is slow and stupid and these characteristics have been the salvation of more than one lost hunter and woodsman. Of all the forest animals the "porky" is the only one which an unarmed man, sick from hunger and exposure, can kill with a stick or a stone.

Straight Cords
Electric cords should hang straight. They will last longer.

Why don't we have Lumber FOR HOME BUILDING?

There are plenty of trees, plenty of
lumber mills, but very little lumber for
Home Building. WHY?

Here are the simple facts behind the
lumber shortage—these facts are stopping
Home Building:

1. Over 50% of our lumber was once cut by small mills. Thousands of these mills were put out of business during the war by OPA ceiling prices. OPA still clings to wartime policies and these mills are still out of business.
2. OPA's blind "hold the line" policies, plus lack of enforcement, have led to the development of a huge Black Market in lumber. "Black Market" lumber is lumber that costs the people more money than they would pay if lumber were flowing to them through the normal channels of distribution—the retail lumber dealer.
3. Wartime ceiling prices made it profitable for the lumber manufacturer to cut sizes of lumber suitable for war uses, but not suitable for home construction. As OPA continues this unrealistic policy, manufacturers continue to cut lumber sizes which are unsuitable for home construction. In some cases premium prices granted by OPA

encouraged production of lumber not usable for Home Building. Proper peacetime adjustments have not yet been made to encourage production of home construction lumber such as flooring, ceiling, siding, millwork, plywood—all essential items in home construction. This situation affects all lumber production.

4. The manufacturers of lumber have been provided with a hidden premium on export lumber. The OPA has made it more profitable to produce lumber for export to foreign countries than to produce lumber for home construction.

These are merely examples from the lumber field which indicate the type of OPA action that is blocking the production of home building materials in many fields.

The fact remains that homes cannot be built by any industry or Government agency without materials. Homes cannot be built without lumber—whether that home be wood frame, brick, concrete, or stone.

The lumber and building material dealers, and the contractors of the nation can build all the homes needed—if they have the materials. But the flow of materials must be unblocked. Only increased production of building materials can solve the so-called housing problem and the unrealistic pricing policy of OPA is the biggest present block to increased production!

Any government program that does not FIRST remove the obstacles blocking production of materials will simply add additional difficulties to the problem facing the building industry.

EXPERIENCED QUALIFIED

BERNARD J. JURON

REPUBLICAN CANDIDATE FOR
PROBATE JUDGE

(Excerpt from Waukegan News-Sun—January 18, 1946.)
Another race for Lake County office in this year's election began shaping up . . . with announcements today for Probate Judge by Bernard J. Juron. . . Juron, also a past president of the county bar, has practiced law 26 years, recently in Waukegan alone, although he formerly practiced in Chicago and for many years maintained offices in both Waukegan and Chicago. He moved almost 26 years ago to Round Lake, where he and Mrs. Juron and their 8-year-old son still live.

While he has had an extensive probate practice, he probably has become best known for his work representing cities and villages as municipal attorney. He is former city attorney of Elmhurst, Winthrop Harbor village attorney, Round Lake village attorney, Lake Villa village attorney, Fox Lake village attorney and Wauconda fire district attorney.

He attracted wide attention for his work while city attorney of Elmhurst in the city's successful fight to close a tavern within 100 feet of a church.

Juron also served 12 years as a member of the Lake County Republican central committee, and 12 years as Avon Township justice of the peace. He now is vice president of the new Lake County School Survey Committee, a non-political education post.

He was first president of the Grayslake Lions Club and is retiring president of the Lake County Shrine Club. He also holds memberships in the Waukegan Elks lodge and numerous other civic and fraternal organizations.

WILL APPRECIATE YOUR VOTE

TREVOR

Mr. and Mrs. Alfred Dahl, Racine, were callers in Trevor Tuesday.

Mrs. Charles Oetting, Mrs. Joe Selear, Mrs. Allen Copper and Mrs. Elizabeth Ehrenhuber attended a party at the home of Mrs. Alfred Oetting at Wilmet Tuesday afternoon.

Raymond Forster left Wednesday for Madison, to take up his studies at the University there. His sister, Miss Eleanor Forster, Lake Mills, accompanied him home to spend the week-end with their parents, Mr. and Mrs. Fred Forster.

Mrs. Champ Parham spent Thursday in Kenosha. Mrs. Jessie Allen returned with her, after spending the past two weeks at the Parham home.

Mrs. Fred Forster, Mrs. Joe Smith and house guest, Mrs. A. J. Baethke, spent Wednesday afternoon with Mrs. John Barnett at Rock Lake Highlands.

Mr. and Mrs. Clayton Lester were Kenosha callers Saturday.

Mrs. Elizabeth Ehrenhuber spent from Wednesday till Friday with Mr. and Mrs. Jake Kauten at Liberty Corners.

Mr. and Mrs. George Bolton, Antioch, were visitors Thursday of their grandson and wife, Mr. and Mrs. George Nelson.

Mr. and Mrs. Charles Albright, Burlington, and Mr. and Mrs. Lyle McDougall, Wilmet, were Sunday visitors of Mr. and Mrs. Clayton Lester.

Kenneth Stockton and nephew, Chesley Oetting, Kasota, Minn., spent the past week at the Charles Oetting home. On Monday Mr. and Mrs. Stockton and nephew left by auto for Kasota, where they will make their future home.

Mrs. Lee Winterhalter, daughters, Bonnie and Barbara, Kansasville, and Mrs. Ella Winterhalter, Elgin, Ill., visited Mr. and Mrs. Lee Wilson and family Sunday.

Mr. and Mrs. Joseph Jetteck, Chicago, spent Sunday with the latter's parents, Mr. and Mrs. Otto Liethke, honoring Mr. Liethke's birthday anniversary.

Mrs. Mary Spencer, New York, arrived Tuesday to spend some time with her parents, Mr. and Mrs. John Mattis.

Mrs. Charlie Runyard accompanied her sister, Mrs. Fred Fowles, to Pisakee Bay Friday, remaining until

Saturday.

Callers at the Henry Prange home the past week were: Mrs. Paul Gall and daughter, Joan, and Mrs. Dorothy Lynch, Bassett; Mrs. Axel Bohlen, Mrs. Ann Bohlen and son, Brian, Pleasant Prairie; Mrs. Gene Morris and Mrs. James Murray and daughter, Judy, Paris. Sunday visitors were Mr. and Mrs. Erwin Arnold, sons, Jim, Ray and Dick, of Burlington.

Mr. and Mrs. George Bush and son, Robert, Racine, spent Saturday and Sunday at the William Bush home. Mr. and Mrs. Alvin Hansen and children, Mr. and Mrs. Marvin Ross and children, Highland Park, spent Sunday at the Bush home.

Mrs. Harold Mickle attended funeral services for Dave Johnson at Twin Lakes Monday.

Mr. and Mrs. Joe Arnold, Chicago, spent Sunday with Mr. and Mrs. John Barnett.

Sunday visitors at the Charles Oetting home were their daughter and husband, Mr. and Mrs. Howard Mathews and sons, Charles and Douglas, who have just returned from Tucson, Ariz.; Mr. and Mrs. Alfred Oetting and daughter, Carol, Wilmet, and Mr. and Mrs. Irving Elms, Antioch; Louise Meinersmann, Lake Villa.

Mr. and Mrs. Selear visited Sunday with their son and wife, Mr. and Mrs. Peter Selear, at Racine.

Siamese Population

A land of nearly 16 million people, mostly Siamese, Siam includes many Chinese, East Indians, and Malaysians. Chinese business interests are numerous. A sprinkling of Europeans and Americans figured in the census reports. Buddhism is the principal religion.

Mr. Plug-tugger's Lament...

Did you ever see such a sight in your life as Phineas Plug-tugger? Cords fray and fuses blow when Phineas P. comes in the house.

Sooner or later all "plug-tuggers" are woebegone. If you have one in your home it would be well to warn him of the woe that will soon befall. Tell him how much longer the cords and fuses will last if he pulls the plug out by the plug, not the wire—and gently.

And speaking of plugs—do you have enough convenience outlets for all the wonderful new electric appliances you're planning for your home? If you are beset with an "Outlet Octopus"—unsightly "double plugs on double plugs"—it's a good idea to find out about adequate wiring.

* * *

Plan adequate wiring now... be ready to enjoy all the new electrical appliances coming your way soon. See us or your electrical contractor for wiring information.

PUBLIC SERVICE COMPANY OF NORTHERN ILLINOIS

LAKE VILLA

Next Friday evening at 6:15 is Family Night at the church and you are invited to come and have dinner (pot luck) with your friends and neighbors. Please bring any old photograph of yourself or family and you are sure to have a good time. Other pictures will also be shown during the informal program after the dinner.

May we remind you again to bring your bundles of waste paper and also clothing for Goodwill Industries, to the Charles Hamlin garage where the Woman's Society of Christian Service will be glad to take care of it.

Mrs. Marie Hamlin entertained a few ladies at a luncheon last Friday at her home and the ladies sewed for the coming sale of W. S. C. S.

Mr. and Mrs. Lester Hamlin visited Mrs. Hamlin's sister and family in Chicago last Sunday.

The Lake Villa Volunteer Fire department held an informal party at the fire station on Saturday evening, with pot luck supper and dancing.

Mrs. Traver Ellis and Jimmie, of Belvidere, visited Mrs. Ellis' parents, Mr. and Mrs. B. J. Hooper, a few days last week.

George Walker, Jr., recently released from army service has been visiting the past two weeks at the homes of his uncles, William Walker and John Walker, and left last Friday to visit relatives at Detroit, Mich., before going on to his home at Portland, Ore. His father, George Walker, Sr., who has been very ill, is able to be at his home.

Billy Effinger, younger son of the John Effingers, was released from the Marine service at Great Lakes last week and is at home with his parents. He entered the Marine service 2½ years ago and was in the States only about 4 months, when he

SADDLE HORSES AT AUCTION

JOHNSON AND SWANTZ, AUCTIONEERS

At our Sale Pavilion, 1½ miles north of 50 on Hwy. 45 and K, 7 miles south of Union Grove, 1½ miles north of Bristol on

Friday, March 22 - at 1:00 P. M. sharp

30 DAIRY COWS, Holsteins mostly—new milk and close springers. If you want cows, here is your chance.

30 HEAD OF SADDLE HORSES. These horses are well broke; safe for anyone to handle. They were used in the B. & N. Riding stable last year. Some real choice horses and ready for work. Not any old horses amongst them. If you want a saddle horse it will pay you to attend this sale.

We will have a few heavy weight horses; some that will make real city teams or milk wagon horses. 1 team of sorrels, 8 years old, wt. 3800 lbs.; one bay team, wt. 3600 lbs., 5 and 7 yrs. old; one team of 4-year-old colts, making of a real farm team. You will like them; one team of good farm horses; 1 black horse, wt. 1700. The way horses are being shipped to the old country, if you need a team better get them while you can.

We will have 20 good Saddles. When we say good we mean it. These saddles were mostly bought new last year and are in fine shape. Also 25 bridles. We will have 3 or 4 sets of heavy team harness.

FARM MACHINERY—1 Rensenthal corn husker; 1 horse disc; 2 walking plows; single row corn cultivator; grain seeder; some extra horse collars; Massey-Harris Wallace tractor; 2 rubber tired wagons; manure spreader; corn binder; spring tooth drag; lawn mower; some steel barrels; eveners and neck yokes and 101 other articles too numerous to mention.

If you have anything you wish to dispose of at this sale kindly bring it in the day before the sale or at the latest by 11 a. m. day of sale so that we can check it in.

INTERSTATE AUCTION AGENCY, MANAGERS AND CLERKING

Pre-Salted Celery

A Wisconsin truck farmer is growing pre-salted celery.

Good Dessert

A good dessert combines mellow gingerbread with spicy applesauce. Split squares of gingerbread and fill with applesauce. Serve plain or top with a lemon sauce or with a generous dab of whipped cream. Beat a few nuts into the cream if you like.

Cooler Walls

It has been definitely established by the scientific section of the National Paint, Varnish and Lacquer association in Washington, D. C., that brick walls painted white are 14 degrees cooler in direct sunlight in summer, as compared with unpainted brick.

Your Vote and Support Appreciated

You aren't getting machinery, Mr. Farmer, because...

PICKET LINES

have taken the place of

PRODUCTION LINES!

...so don't blame your Implement Dealer!

YOUR implement dealer had planned and expected to have his display floor filled with new implements and tractors weeks ago. And we had planned to make them—had told our dealers and our farmer customers they would have new equipment and plenty of service parts for the 1946 spring work. And we had hoped to sell these machines at no advance in price.

Real Production Had Started

When the war ended, our organization bent every effort to increase production, with the result that in the last months of 1945 machinery was being built in very substantial quantities. Here are a few figures:

ITEM	NOV. 1945	DEC. 1945
Tractors.....	7,271	7,432
Combines.....	2,345	2,526
Cultivators.....	3,482	3,308
Hay Loaders.....	209	982
Plows.....	6,185	6,702*

*Plows are made in our Canton and Chattanooga Works, which are not on strike. January production was 7,747 plows.

Both your dealer and we were encouraged by this production picture at the turn of the year. But the strike changed all that. As you know, the CIO United Farm Equipment & Metal Workers of America called a strike in ten of our plants, on January 21, 1946.

What Is The Strike About?

Wages are a basic issue. At the time of the strike, Harvester employees were among the highest paid workers in American industry. When the strike began, the average hourly

earnings in the ten plants, not including overtime, were \$1.15½. If present wage proposals are adopted, this figure will become \$1.33½ per hour.

When the strike began, negotiations were broken off by the Union on the issue of compulsory union membership. The Company has no desire to weaken the Union. It recognizes certain reasonable needs of the Union. But the Company does oppose compulsory unionism. It feels strongly that an employee's membership should be a matter of his own choice.

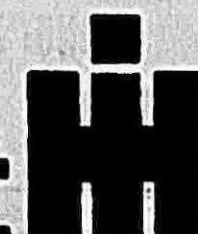

Material Costs and Price Relief

Wages and materials are the great costs of operating our business—together they consume all but a few cents of every dollar the Company takes in. Wages are obviously going to be high—and nobody knows just how high material costs will go.

In the face of rising costs of materials, the Company does not see how it can pay the wage increases recommended by a Government fact finding board until it has definite and satisfactory assurance from the Government that reasonable price relief will be granted to the Company within a reasonable period of time. This matter is of such importance that it will not be discussed here, but will be covered by future advertisements devoted to both prices and profits.

Speaking for our dealers and ourselves, we can assure you that no customer is more eager than we are to resume production. We are doing and shall continue to do everything in our power to bring about a fair settlement as soon as possible.
